

PKG-RACK™

Commercial Air Purification System
By RGF Environmental

PKG-Rack™ Commercial Air Purification System

RGF's new PKG-Rack™ systems are often used for commercial installations where several RGF-PKG™ package air purification units are required. Each PKG-Rack™ system provides convenient installation for up to eight (8) PKG-14 units. The PKG-Rack™ system offers customer the ability to quickly and efficiently add active air purification to the largest commercial air handlers and roof top HVAC systems.

*RGF-PKG package air purification units sold separately
*Unistrut not included
